

ALBERT-LUDWIGS- UNIVERSITÄT FREIBURG

The Faculty of Biology at the Albert-Ludwig University Freiburg invites applications for the position of

Full Professor (BesGr. W3, tenured) of Neurobiology and Neurotechnology

to be filled as early as possible.

The tasks associated with the position include teaching in the field of Neurobiology and Neurotechnology. The candidate's research should be in the field of systems neuroscience, covering sensorimotor learning in mammalian models and humans, as well as neurotechnology and its applications.

This research should employ modern neurobiological techniques and link into the neurobiological research centers and research institutions at the University of Freiburg. For further information on the research profile of the position and its scientific environment please visit the homepage of the Faculty of Biology www.biologie.uni-freiburg.de as well as www.bcf.uni-freiburg.de and www.bfnt.uni-freiburg.de.

A university degree, doctoral degree, German habilitation or proof of equivalent scientific and pedagogical qualification are required. At the time of appointment the candidate must be younger than 52 years of age.

The University aims to increase the proportion of female professors and therefore encourages women meeting the above qualifications to apply. Handicapped candidates with equivalent qualifications will be given preference.

Please send your application with the usual documents (preferentially in electronic form – e-mail: dekanat@biologie.uni-freiburg.de) not later than July 31st, 2010 to the Dean of the Faculty of Biology, Schaezlestr. 1, 79104 Freiburg, Germany.
